

Nature's Spa - *Tatai Waterfall by boat (FT-00, FT-06)*

One of the **must-sees** of the region, Tatai Waterfall is offered every **second day** on regular basis. In addition, it can be organized on a **private basis** for 4 guests or more (subject to boat and guide availability).

How long: departure at 10am, **5-6 hours** or as long as you are enjoying yourselves
You should bring: sun block, a hat or a cap, slippers and swimming costume, your camera
Includes: cruise aboard a local boat, your guide, picnic lunch, mineral water
Limitations: the tour can be taken all-year-around except in very heavy rain

Some degree of **fitness** is necessary for enjoying this trip to the full.

Away from the tranquility of 4 Rivers Floating Lodge, the thunder of the **majestic Tatai Falls** reveals the river's true power as it drops 6 meters to the rocks below.

Your day, depending on the tide, starts at around 10am for the **45-minute boat** ride past Tatai village to the falls.

Turning on to a tributary you head **into the heart of the Cardamom jungle** to the far-off sounds of exotic birds and its secretive wildlife.

Within minutes you are at journey's end, gazing down into the **turbulent waters of the falls**.

Soon it's time for **lunch**, maybe a few moments **hydro-massage** and a refreshing drink as you find some shade for a picnic and open your senses to the sights and sounds of the jungle. We will also arrange to transport some **kayaks** for your added fun and adventure.

After leaving the falls, depending of the season we might stop at the mouth of a small river where you can paddle your kayak to a **traditional Cambodian farm**; you will see rice fields and some fruit trees.
